One Summer Night Cruisers

Spring is finally here and actually it's probably pretty close to summer as of this writing. Seems like we really didn't have much of a winter unless you count the day the One summer Night Cruisers decided to have their annual garage sale! Wow, it was the coldest day of the year, cloudy, breezy and even rained a little! A big thank you goes out to Larry and Terri Harris for the use of their beautiful home for the sale!

One Summer Night Cruisers met at Hwy. 95 and I 40 for a run to R-Burgers in Yucca.

Bob & Debbie Casaburi received Best of Show at the Knights of Columbus show!

R-Burgers saved a room for the OSNC gang, the place was actually quite large in side with a lot of antiques decorating the interior. One Summer Night Cruisers also found time to celebrate Mary Hero's retirement from the school district!

One Summer Night Cruisers

One Summer Night Cruisers attended the Havasu Classics show at the mall. The weather cooperated for the better part of the show but we did see a little rain. To the left it looks like Terri Harris won a basket!

Calvary Baptist Church put on another great Crossroads Car Show with over 300 entries and a real live wedding on the stage! A big thank you to One Summer Night Cruisers Larry & Terri Harris, David Hero and Ken Rogers for providing the music and sound for the event! Every car club represented at the Calvary Crossroads show was given a $100 dollar check made out to their designated charity.

Syl & Shirley Szucsko won their class with the 50 caddy at the Crossroads show!

<u>From the Prez,</u>

At the monthly car club presidents meeting the subject of street parking on Thursdays was brought up. It seems as though some of the hot rod enthusiasts are bringing their cars down town at about nine o'clock in the morning and dropping their car off and leaving it parked in front of local businesses all day, thus ensuring a “good” parking spot for Thursday evening. There is concern that this procedure could ruin the cruise evening for everyone should the business owners ask the city for help with parking issues. Just a “Heads Up”
